

We exchange advertisements with philosophy journals only. Both parties agree to publish at least one advertisement per year and to notify the other when it has appeared. We receive advertisements only in electronic format and according to the following requirements:

Measurements: 11.5 x 18 cm

Mode: Greyscale

File format: EPS

Please specify the programme in which the advertisement was created and include all special fonts that were used. We strongly recommend sending a second document in high resolution PDF format in addition to the document in EPS format.
